Update on Bob

Mohey and Kris visited with Bob on Sunday. They are very happy to say that he is looking much better. He tells us that his therapy is progressing, and he is able to stand for longer periods. His appetite is much improved, and his demeanor is quite positive. He very much enjoys visits, so if you plan on stopping by, he has changed rooms, and is now in **room 309**.

**CALLING ALL HOUSEPLANT
LOVERS**

Sacred Space Campus Ministry at NMU would like to hand out little houseplants at Fall Fest at the beginning of August. That gives us two months to root our favorite plants to share. College students love something to nurture in their dorm rooms, so a hardy plant, like a spider plant or a pathos vine makes a great plant. Other easy-to-care-for plants are welcome as well.

Who can start some cuttings for us? All those baby spider plants hanging off your momma plant? All those trailing vines that could be cut into sections? WOULD YOU BE WILLING to start some in water now so that in August those rooted cuttings can be planted in SMALL POTS?

If there are questions, call Marna at 906-458-6395. We are looking for a foliage fiesta come fall.
Thanks for your help!

How to Know a Person:

The Art of Seeing Others Deeply and Being Deeply Seen
by David Brooks

Brooks draws from the fields of psychology and neuroscience and from the worlds of theater, philosophy, history, and education to present a welcoming, hopeful, integrated approach to human connection. How to Know a Person helps readers become more understanding and considerate toward others, and to find the joy that comes from being seen. Along the way it offers a possible remedy for a society that is riven by fragmentation, hostility, and misperception.
