The First Wednesday Reading Group will meet at 1pm on Wed, July 3, at

The Crib Coffeehouse on Third St to discuss the book "Eve: How the Female Body Drove 200 Million Years of Human Evolution" by Cat Bohannon

THE REAL ORIGIN OF OUR SPECIES: a myth-busting, eye-opening landmark account of how humans evolved, offering a paradigm shift in our thinking about what the female body is, how it came to be, and how this evolution still shapes all our lives today. - from the blurb!

Anyone is welcome to join us - it would help to have at least started to read the book! Mo4re info? Questions? Check with Charlie mqtchaz@gmail.com or 906-360-9216

Scrip News

After reviewing the scrip program it has been decided by the Vestry and Ann and Barb that the program will close. The number of participants and consequently the profits have dwindled due to the size of our congregation. We will continue to sell our inventory in the coming months so please help us by buying in the weeks to come. We still have many cards available including Babycakes, Border Grill, Donckers, Tadych's Marketplace, Circle K Gas, Huron Mountain Bread, Jeffreys, Marquette CoOp, Third Street Bagel, Togos, and Vangos. Ann or Barb will be selling after church at coffee hour.

Did you miss the recent documentary on the ordination of the first female priests in the Episcopal church- "The Philadelphia Eleven"?

Well you're in luck! As it happens, this July marks the 50th Anniversary of that watershed event.

As part of a nation-wide celebration, the film will be available to watch online on Kinema the entire weekend leading up to July 29th for a ticket price of \$11.

Watch any time from 12pm EST on July 26th to 12pm EST on July 30th. All funds raised help us to share the film with more people!
